# . . . Grant Gardens . . .

2148 Alta Avenue

Louisville, Ky.

For fifteen years we have been collecting tall bearded Irises and we are offering to you an opportunity to share the joy we have had at blooming time by possessing some of the fine new varieties that the modern hybridizers have produced.

We have had a fine blooming season in Kentucky this year, and all varieties have bloomed freely. Alice Harding has been the outstanding yellow iris we have seen this year. Gudrun, K. V. Ayres, Blue Velvet, Jean Lafitte, Eros, Los Angeles, San Francisco, Valor, Dauntless, Robert and Mary Geddes have been outstanding in our garden this year.

All prices are for single rhizomes. Terms are cash, check, or money order with order. Orders amounting to \$3.00 or over will be sent postpaid. We guarantee healthy, true-to-name stock but cannot be responsible for growth in your garden. We will try to ship plants at time desired, but prefer to ship June 15 to July 1, or September 1 to September 15. Planting and cultural instructions will be enclosed with order. We reserve the right to reject all or any part of an order in case of previous sale of plants and advise early orders as stock of some varieties offered is limited.
